The Mariners

A hospitality hub for seafarers and the maritime community in Hong Kong, newly opened in November 2026! The Mariners offers unique facilities specifically designed to meet the needs of seafarers and the maritime community, providing services and amenities unmatched by public hotels. Here are just a few highlights:

- In-room IPTV features with windy.com weather forecasts, including wind speed data, which is particularly useful for maritime industry guests requiring timely information.
- In-room IPTV also features vessel schedules, downloaded from the Marine Department, providing ships and ports information for the past 36 hours and the upcoming 36 hours.
- For guest comfort, all rooms are equipped with the state-of-the-art NCCO air purification system, locally invented, to ensure fresh air at all times.
- Recognizing that most seafarers enjoy curry dishes, we have employed an Indian Chef to create a variety of Indian options.
